## How can YOU take action?

- TALK:** Trafficking is an act of exploitation that effects people who may be isolated, vulnerable, and who are often judged. Share messages to frame the issue and communicate support.
- TEACH:** Share information about what human trafficking is, and let people know about the resources and services available for survivors in NYC.
- TAG:** Share messages of awareness or support on social media. Use the hashtags **#endhumantrafficking** and **#awarenesshelphope**. Don't forget to include us: @NYCagainstabuse @MayorsCAU
- HOST:** Create your own awareness event during Human Trafficking Awareness Month (or any time during the year) and email it to [cfcpcityhall.nyc.gov](mailto:cfcpcityhall.nyc.gov) so we can share your event with our networks.
- JOIN US:** Attend the **Weekend of Action Kickoff: Survivors Breakfast** on January 8, 2019 with fellow members of the faith community to honor trafficking survivors and prepare for Week of Action 2019. Register to attend breakfast: <http://our.cityofnewyork.us/htbreakfast2019>
